What is Remote Guarding?

Remote Guarding is a guard replacement solution. It was created to overcome the frustrations with on-site guards. Radius Security’s Remote Guarding solution is proven to:

- Prevent future crime
- Apprehend criminals
- Reduce theft & loss of assets
- Eliminate false alarms
- Avoid production downtime
- Avoid insurance claims
- Provide faster police response
- View site 24/7 on your smartphone

Reduce your security costs by a minimum of 40%

Remote Guarding is the most effective security solution for companies looking to protect their outdoor assets. Protects against:

- Fleet vehicles damage
- Metals - copperwire theft
- AC units - theft & damage
- Site vandalism
- Diesel siphoning
- Employee theft & much more

“.... the level of professionalism is excellent, the service is outstanding... as we grow as a dealer group, we are always going to be adding you...”

-Aly Jiwani - GM OpenRoad BMW Langley
